

Making an Impact...

...In Chipanga (Village #20)

The borehole drilling for Chipanga’s well was a success—water will be plentiful! The pumphouse is built and the reservoir was recently completed. Soon the distribution line trenches will be dug by villagers and pipe will be laid, phase by phase. When the project is finished, the 50,000-liter reservoir will be filled twice a day, every day. Villagers will have a secure and convenient source of clean water from 16 double-tap distribution points throughout the village.

We need your help to bring this village water project across the finish line!

Your financial commitment today will allow us to complete the remaining phases to bring clean water to the 8,920 people in the Village of Chipanga!

...In Education

Check out this video! You will see how a sustainable clean water system installed by TLP in Ikombolinga (2022) empowers students and their education.

...Through Planned Giving

When Larry and Barbara Claude learned how far Tanzanian women walked every day to find water from dirty, snake-infested sources, they were compelled to donate to TLP—that was 20 years ago. Barbara feels very lucky to have been born in a country where water is plentiful and especially appreciates TLP’s emphasis on protecting human rights and dignity, including women’s empowerment. Larry admires TLP’s low overhead, which increases the impact of each dollar (97% of each donation goes directly to village projects).

Retired 15 years, Larry and Barbara are blessed with a large family of four children, eight grandchildren, and one great grandchild. In creating their legacy plan, they say they are “giving by example,” encouraging their family members to establish a similar tradition for giving to TLP and paying forward life’s blessings.

They advise that it is good to plan ahead because it gives peace of mind knowing there is a way to continue helping villagers in Tanzania for years to come. Give us a call (763-493-9107) for more information on **leaving a legacy to TLP through planned giving** or visit www.tanzaniaproject.org/legacy_brochure.

...Through Corporate Sponsorship

True Stone Coffee Roasters of St. Paul, MN (a family-owned business) has been a TLP corporate sponsor since 2022. One way they support TLP is by donating ten cents for every pound sold of their Tanzanian coffee. Aligning their brand and making a commitment to a cause that has meaningful impact is a benefit that both True Stone customers and employees value. Doing what they love AND making a difference in the lives of others brings a great sense of purpose and fulfillment to the True Stone team.

Contact us today (763-493-9107) to discuss opportunities for **corporate sponsorship!**

97% of your donations go directly to Tanzania to provide sustainable access to clean water
